What We Provide

The Apple Developer Academy empowers Detroiters to thrive in the Apple ecosystem, teaching coding, design, and business essentials. The free 9-month program meets 20 hours a week in-person, with morning and afternoon sessions available.

Mission

The Apple Developer Academy is committed to fostering an inclusive environment where Detroiters can gain the knowledge, skills, and resources to explore new opportunities, craft their own pathways and make an impact in their communities.

Foundation

Try the free 4-week Foundation Program to explore app development, Swift coding, design, and project management—perfect for discovering if the full program is right for you. It runs 20 hours a week, Monday to Friday, in Downtown Detroit.
